In History, we have been learning about the Great Fire of London. The children are loving this topic so far and they have created some fantastic work. Here is an example below:

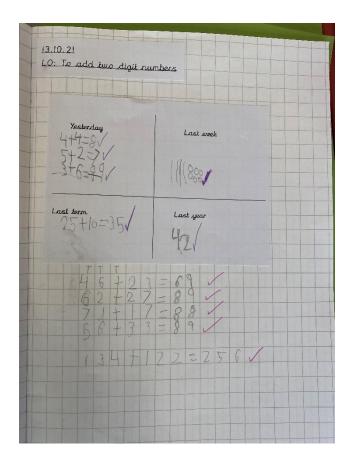

Here is some independent writing from our English lessons, the children have been learning how to use adjectives and similes.

In Maths, we have had a great focus on place value and number this term. The children have been exploring numbers using dienes and adding/subtracting two digit numbers. Here is an example:

In Science, we have been investigating living things. The example below shows what we found on our walk around the school. We were looking for microhabitats.
